

2022 Roche Products (New Zealand) Ltd - Disclosure of Transfers of Value Report

In line with the [Roche Code of Conduct](#) and the Medicines New Zealand Guidelines Disclosure of Transfer of Value, Roche Products (New Zealand) Ltd strongly supports openness and transparency on the transfers of value made to healthcare professionals, with the aim of increasing trust and confidence in the pharmaceutical industry. The aim of any support is to enhance medical knowledge, evolve the healthcare ecosystem and improve the quality use of medicines in New Zealand, ultimately benefiting patient care. The following report summarises the support (direct and indirect) provided by Roche to New Zealand healthcare professionals in 2022.

1. Support to Attend an Independent Medical Event

No direct payments or transfers of value were made in 2022 to support healthcare professionals to independent medical events.

2. Support to Attend a Roche Event

Support was provided to healthcare professionals to attend Roche meetings to further understand clinical disease and medicine management.
